**EDITORIAL** 

### Time to setup Seventh Pay Commission

IRTSA has always been demanding wage revision every 5 years or rather a continuous process of wage revision through a Permanent Pay Body and the demand was rightly conceded by Fifth Pay Commission – though not accepted by the Government.

Date of implementation of 6th CPC would complete 5 year on 1-1-2011. The Government has already conceded to effect wage revision in PSUs after every 5 years. The disparities with PSUs & Corporate Sector have increased further since Sixth Pay Commission submitted its Report. Disparity will now further increase. The PSUs got a big wage hike w.e.f. 2007 thus increasing the gap further with Central Government employees. Next wage review in PSUs is due in 2012 and the wage disparity can be just visualized especially due to fast improvement in economy.

Same criteria of 5 years as adopted in PSUs, should be adopted for revision of wages and pension of Central Government Employees and Pensioners.

DA component in the wages would exceed 50% w.e.f. January, 2011. But merger of DA will not be done (as in the past) due to retrograde recommendations of the Sixth Pay Commission not to merge the DA on reaching 50% but to give only a nominal increase of 25% in some Allowances – other than DA & HRA.

Anomalies in Sixth CPC Report are not expected to be removed - except by a Pay Commission - since the Government is apparently not ready to agree on any of the major issues of concern.

The other view point on demand for Seventh CPC is that since decision on some of the issues arising after Sixth Pay Commission and its anomalies are pending for a final decision and as such it is not appropriate to demand Seventh Pay Commission at this stage. But keeping in view the fact that the Government may take its own time in accepting the demand for Seventh Pay Commission. In the meanwhile the pending issues could be sorted out in the Anomalies Committees or other Forums (like JCM or DC). In any case, the outstanding issues can be referred to the next Pay Commission. As such, the demand for Seventh Pay Commission needs to be pursued effectively – especially keeping in view the heavy inflation and other aspects mentioned above.

Fourth CPC recommended Permanent Machinery to undertake periodical review of the pay, allowances and conditions of service of Central Govt. employees.

Fifth CPC in Chapter 171 had recommended that the "Government may set up a Constitutional body, which should be responsible for maintaining and updating the basic data on pay and allowances of Government employees and to review the pay scales and rates of allowances and other related matters on a continuing basis."

Fifth CPC further proposed that the mandate for such a Pay Body should be to suggest revision of pay scales every year by merger of dearness allowance or with reference to the cost of living index.

The only argument that Govt. can possibly have against the suggestion is that the Govt. will be required to spend more on pay and allowances than it does now, because of the lag between the need for pay revision and the actual revision itself. This is a false argument and fails to take into account the simmering discontent that such a palpably unjust mechanism engenders among its employees.

Fifth Pay Commission recommended that "It would be in the fitness of things if the Permanent Pay Body is given a constitutional status and authority, as is the case with the Finance Commission."

Fifth CPC also mentioned in Para 171.13 in its report that: "In the Chapter on Dearness Allowance we have suggested that each time the CPI increases by 50% over the basic index used by the last Pay Commission it should be converted into Dearness Pay. Such DP should be counted for all purposes, including retirement benefits."

It is regrettable that the Sixth Pay Commission in Para 4.1.18 of its report, had recommended that the DA should not be merged on reaching 50% (and an increase of 25% in some Allowances be given – other than DA & HRA). The Merger of DA on crossing 50% was proposed to be discontinued on the ground that the Increments had been recommended to be on percentage basis (instead of fixed ones in each Scale earlier). It was further contended by the Base point for calculating the Consumer Price Index should also be raised if the DA was to be merged.

Both these contentions of Sixth Pay Commission were not only inconsistent with the recommendations of the previous Pay Commissions; these were also against the established laws of economics on which the very concept of grant of DA and merger thereof after reaching a reasonable level were based – to avoid wage erosion and its distortion.

The demands for Merger of DA after reaching 25% and revision of DA after every 3 months instead of 6 months were summarily rejected by the Sixth CPC. But the worst part of it was that while the Sixth Pay Commission found merit in the recommendations of the Fifth Pay Commission that the "DA should be paid net of Taxes", Sixth CPC failed to make any further comment or recommendation thereon.

Central General Body IRTSA in its recent meeting at Gorakhpur, had demanded immediate setting up of the Seventh Pay Commission for revision of wages from 1<sup>st</sup> January, 2011. IRTSA may be the first one to raise this demand but there is strong justification for the same and we hope that this will soon find many other Trade Unions to take up the issue in right earnest. As it happens always - whenever a new idea is floated it takes time for the people to accept it. But the efforts must go on sincerely and earnestly.

# RESOLUTIONS OF DEMANDS ADOPTED BY C.G.B. MEETING & ALL INDIA ANNUAL CONFERENCE OF IRTSA HELD AT GORAKHPUR ON 10<sup>th</sup> & 11<sup>th</sup> Dec, 2010

The 45<sup>th</sup> All India Conference of Indian Railways Technical Supervisors Association (IRTSA) was constrained to note the apathetic attitude of the Railway Administration towards the just demands of the Rail Engineers / Technical Supervisors, due to which these 'Frontline Managers' continue to suffer great humiliation and frustration on account of denial of proper status and emoluments as well as lack of adequate promotional avenues on the Railways.

The conference regretted that Rail Engineers / Technical Supervisors were the worst sufferers at the hands of both Fifth and Sixth Pay Commissions especially since the Engineers / Technical Supervisors were treated worst than the Accounts Clerks, Teaching & Nursing Staff – who had always been in lower scales than the former.

Even the existing relativity of Pay structure of Engineers / Technical Supervisors - after Third & Fourth Pay Commissions - had been disturbed by the Fifth and Sixth Pay Commissions in respect of the Rail Engineers / Technical Supervisors. There were many other Anomalies in the Report of Sixth Pay Commission. But none of the Anomalies have so far been removed although over 2 years have passed since the acceptance of the Report of Sixth Pay Commission.

CMA I (with recruitment qualification of BE & MSc) were treated even more adversely by being singled out to be left in the Grade Pay of Rs.4200 – in spite of clear-cut recommendations of Sixth CPC to grant Grade Pay of Rs.4600 to posts with Engineering Graduate as recruitment qualification.

The conference regretted that the orders had yet not been issued by the Railway Board on some of the issues like the Revised Entitlement of Passes and Revised coverage under the Group Insurance Scheme etc. No decision had yet been taken on the revised distribution of Posts and the duties & responsibilities after the merger of scales. Even the orders on Revised Designations were "Provisional".

No major decision had yet been taken in National Anomalies Committee (NAC). Even the recommendations of Departmental Anomalies Committee (DAC) – (for higher Grade Pay of Rs.4600 to JEs & Grade Pay of Rs.4800 to SSEs & CMS etc.) have yet to be approved by the Ministry of Finance. Cadre Restructuring Committee (CRC) has yet to start working in right earnest.

Duties, responsibilities and job requirements of Front Line Engineers / Technical Supervisors have increased manifold over the years due to modernization and sophistication of the Rolling Stock and Locomotives, Signal & Telecommunication, Works, P-way and Bridges etc. on the Railways. But it was regrettable that neither the last two Pay Commissions nor the Railway Board have given the due credit for the same while determining their Pay Scales, Grade Pay or avenues of Promotion – in spite of strong recommendations for better status, emoluments and better Avenues of Promotion for them, by the Railway Accident Inquiry Committees and Railway Reforms Committee etc.

All this has greatly demoralized the Rail Engineers. This is bound to seriously and adversely affect their efficiency and that of the system as a whole.

The Conference, therefore, once again urged upon the Railway Board and the Government to favourably consider and redress the following just demands in the interest of natural justice and for greater safety and efficiency and for better job satisfaction of Supervising Engineers on the Railways:

Main Demands

- 1. Recognition of IRTSA to provide suitable Forum to discuss and resolve the problems of the middle management category of Engineers / Technical Supervisors on the Railways as per recommendations of Railway Accident Inquiry Committee (RAIC) 1968 & 1978 & Railway Reforms Committee (RRC)

- 3. Merger of DA (Dearness Allowance) with Pay for all purposes w.e.f. 1-1-2011 when DA crosses 50% as in the past (setting aside the unjust recommendations of Sixth CPC in this regard).
- **4. Early Setting up of Seventh Pay Commission:** Early setting up of Seventh Pay Commission for Revision of wage structure of Central Government employees with effect from 1.1.2011 since 5 years have passed since date of implementation of Sixth Pay commission; Govt. has already conceded to effect wage revision in PSUs after every 5 years same criteria should be applied in case of Central Government employees; Disparity with PSUs & Corporate Sector have increased further since Sixth CPC; DA would exceed 50% w.e.f. January, 2011, but merger of DA is not proposed to be done at this stage due to retrograde recommendations of the Sixth Pay Commission to the contrary.

- 20. Grant of Incentive Bonus to SSE (Senior Section Engineers) at Hourly Rates of Bonus like the JE (Junior Engineers) (as recommended by RITES for Group Incentive Units in Production Units) or raising of the existing rate of Incentive to SSE to at least 30% of Pay (instead of 15%) (to compensate for loss of takehome- Pay on promotion from JE to SSE.
- 21. Incentive Bonus to S.S.E. in Workshops & Production Units without any deduction for Leave or Holidays or for training or out station duty as the same is linked with Basic Pay and does not fully compensate for the loss of Incentive Bonus in terms of Take-Home-Pay on promotion from JE to SSE.

#### IMPORTANT COURT JUDGEMENT

### No varying pay if employees are in same posts: Delhi HC

Judgment Delivered On: 07th September, 2010 UOI & ANR. – VS - SANJAY KUMAR & ORS. & W.P.(C) NO.2071/2007

There cannot be discrimination among employees holding the same posts and doing similar nature of work in terms of their pay scale unless one has higher qualifications, Delhi High Court has said. The court dismissed an appeal filed by the Centre against the order of the Central Administrative Tribunal which had held that there cannot be discrimination among persons holding same posts vis-a-vis their pay scale while allowing a batch of petitions filed a group of Prasar Bharati employees.". . . where there is complete parity it would be highly discriminatory to treat employees differently merely on account of the two coming from two different sources," a Division Bench of Justices Pradeep Nandrajog and Moolchand Garg of Delhi High Court said. However, the court clarified that the pay scale can vary if an employee held higher qualification than others in the same cadre."Of course, employees in the same cadre can certainly be placed in different pay scales but that would be if it is shown that one set of employees has higher technical or education qualifications or performs more onerous duties vis-avis the other or the like," the Bench added.Prasar Bharati was constituted in September 1997 under **Broadcasting Corporation of India Act.** 

Alleging disparity in their pay scale, the employees had said they were casual employees with the I&B ministry and were offered a pay scale of Rs 5000-8000 after they were regularised under the Prasar Bharti. However, their other counterparts, who were erstwhile regular employees of the same ministry, were offered the pay scale of Rs 6,500-10,500 under the corporation."Merely because they acquired the status as regular employees under the corporation was no ground to justify they being placed in the low pay scale," the employees had contended before the CAT. The Tribunal had in 2007 rejected the arguments of Centre and directed it to give equal pay scale to the Prasar Bharati employees holding the same posts and doing similar nature of job. The Centre had moved the high court against the CAT order.
