विषय Sub : Implementation of dispensing of 3 months medicines to Retired employees – reg.
संदर्भ Ref : This Office letter of even No. dt. 15.06.2023.

It has come to the notice of undersigned that implementation of dispensing of 3 months medicines to Railway Beneficiaries is not being followed. Hence it is instructed that it should be followed strictly.

Also there are many complaints regarding Local Purchase of Medicines. Medicines submitted for LP under 7(a) should be delivered to the patients within 24 hours as per MoU. Elderly patients expressed their inability to attend hospital repeatedly for collection of LP Medicines.

Hence, it has been decided to provide LP-7(a) medicines for three months to Retd. Employees and their family members. Availability of Stocks, pending POs {HQ and 7(b)} etc is to be ensured before going for 7(a) purchase for three months.

It is once again instructed to follow the above strictly.
